

A RETIRED BUSINESS WOMAN.

A Page From Her History.

The important experiences of others are interesting. The following is no exception. "I had been troubled with heart disease 25 years, much of that time very seriously. For five years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not done for months, and my limbs had been swollen so long that they seemed almost purrified. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are taking this valuable remedy."—Mrs. McLean, 307 W. Harrison St., Chicago, Ill.

HUTCHINSON SOUTHERN.

Byron Roberts a Good Railroad Manager.

The Hutchinson Southern railway, Byron Roberts of this city, receiver, is being put in splendid physical and financial condition by its management, notwithstanding the business depression. In equipment, smoothness of roadbed, time made and business done, but few of the trunk lines excel it.

It extends south from Hutchinson to Cameron on the state line, eighty-two miles, through Kingman, Harper, Anthony and a dozen good towns and is a valuable feeder to the Rock Island and Santa Fe at Hutchinson.

Hutchinson capital is largely interested in it and the people are as loyal to it as are Topeka people to the Santa Fe.

A Probably Fatal Stabbing Affair Near McLouth.

The Attacking Man May be Lynched if Caught.

OTHER STATE NEWS.

Two Supposed Thieves Tortured Near Highland.

McLOUTH, Aug. 17.—S. P. French, a merchant and prominent secret order member of this place, was fatally stabbed Wednesday by Logan Hickerson. They met at the postoffice, and after exchanging some hot words, Hickerson drew his knife and commenced slashing French. Before he could be taken off Hickerson cut French several times on the left arm, once right above the heart and twice about the head. After being cut French started for a doctor's office, but on taking a few steps fell and lay insensible.

During the excitement over removing French, Hickerson went to his home, changed his clothes, mounted a horse and fled. Before leaving he stated that French had been slandering his wife and that he could not stand it any longer.

The sheriff and city marshal organized a posse and are now in pursuit of Hickerson. There is great danger of his being lynched should he be brought back here while the excitement is on.

LOOKS LIKE AN OUTRAGE.

Two Men Suspected of Theft Tortured to Make Them Confess.

ATCHISON, Aug. 17.—Lute Meade and Edward Deboldt, from Missouri, were recently at Highland station in search of work, and naturally looted the depot. A package of money was missed by the station agent about the same time and search warrants were sworn out against Meade and Deboldt. The money was not found, but Highland station people believing that they had concealed the money, got a rope and proceeded to dally them at the end of it in the hope of frightening them into a confession.

Meade was drawn up twenty-one times and let down upon each occasion in time to save his life. The flesh about his neck was badly torn by the rope. When the mob was satisfied they could not force a confession from them, or that they were innocent, they released them and ordered them out of town at 8 o'clock in the morning after an entire night of torture. Meade and Deboldt have caused four arrests, and the men are having a hearing at Topeka.

FIRE AND SLAUGHTER.

The Kaffirs in South Africa Rebel and Carry All Before Them.

PRETORIA, South Africa, Aug. 17.—The rebellion of the Kaffirs is assuming alarming proportions and the efforts of the authorities of the republic to suppress them have, up to the present time, proved unavailing. The Transvaal mounted police detachment which has been attempting to relieve the garrison of Agatha, which was besieged by the Kaffirs for some days past, has been repulsed with, it is feared, serious loss.

Emboldened by their success, the Kaffirs pursued the retreating troops and made an attack upon the main column of the Boer forces. The Kaffirs were driven back by the advance of the column.

From the Boer settlement along the Letaba river come reports of severe fighting between isolated parties of retreating Boers and the Kaffirs, who are burning Boer homes all along the river. The Boers are fleeing before the Kaffir advance, taking with them all their portable property, but large quantities of provisions and cattle have necessarily fallen into the hands of the Kaffirs. The latter have murdered a number of Boers and their wives and children and the fiercest feelings of the Boers have been aroused against the rebellious natives.

In the Soutpansberg district devilish outrages have been committed and large numbers of women and children have been killed and a large amount of property destroyed.

In all the disturbed districts the mail and passenger coaches have been stopped, passengers killed and the coaches looted and destroyed and the mails stolen.

The Murchison road is entirely closed. The Kaffirs are reported to have erected a strong barricade across it at a point where it passed between two hills and they are said to have prepared to defend this point vigorously.

The government is reinforcing its columns of troops as rapidly as possible and it is expected that an advance in force will be made upon the Kaffirs today or tomorrow.

Pottle's baby will be seen in the juvenile role of Jack, introducing unique specialties during the third act. Miss Goodrich is simple and natural in everything she does, her humor is of the most graceful order and is closely allied to pathos. She is different from any one else and in this, as much as her acting, lies the secret of her success.

Sudden Death of Mrs. Wm. C. Comer.

Mrs. Wm. C. Comer died suddenly last night. She was about the house and engaged as usual until 9 o'clock last evening. It was found that acute peritonitis had set in, and death occurred a little after midnight.

The funeral will take place from the family residence, near Eighth and Clay, Sunday evening, at half past five o'clock. The deceased was a worthy member of the First Methodist Episcopal church, and Dr. A. S. Embree will have charge of the services.

Vienna Barrett has petitioned in the district court for a divorce from George Barrett. They were married in October, 1893, and she claimed that she was compelled to support both herself and her husband by sewing and taking in washing. Later she says he became abusive, swore at her, and last month knocked her down.

I. W. Johnson, or W. R. West, who was yesterday turned over to Sheriff Evans of Lyon county by the police here, escaped from the officer at Peterson. The sheriff allowed him to go to the washroom on the train alone and unhandcuffed and that is the last that was seen of him. A reward of \$125 has been offered for his capture.

Charles Cason, a colored man with a record, was arrested by Officer Caruthers near the corner of Quincy and Sixth, on charge of having broken into a street stand near there. He had the evidence of guilt in his possession in the shape of fruit and watermelons stolen. Among his other effects were some barber shop tools that have not yet been identified. His case was entrusted to the state.

Interstate Commission Investigates Santa Fe Rebates.

Col. Morrison Says Report Embodies Expert Little's Facts.

HARD TO PROVE GUILT

Mr. Morrison Says They Cannot Take Any Action.

Can Only Report Facts and Let it Go at That.

WASHINGTON, Aug. 17.—The interstate commerce commission has had under consideration for some time the charges of remission of millions of dollars of rebate to the shippers on the Atchison, Topeka & Santa Fe railroad in violation of the interstate commerce laws. The charges were the subject of a thorough investigation by J. T. Marchand, a clerk of the commission, who was detailed by the commissioners to make an examination in New York city.

The inquiry has been completed, and Mr. Marchand has returned to Washington and submitted his report to the commissioners and the matter has since been discussed at the commission's sessions. Col. Wm. R. Morrison, the chairman of the commission, said today that the report embodied practically only the facts brought out in the statement of Expert Little.

"The offense," he said, "is a very common one, and there are several other roads against which similar charges are now pending. It is a very difficult matter to prove the guilt, as both the road and the shipper are involved in the guilty transactions, and each naturally is not disposed to make revelations."

Both the railroad officials and the shippers are involved in the guilty transactions, and each naturally is not disposed to make revelations. The matter is still under consideration by the commission which is also conducting correspondence with a view to obtaining facts concerning alleged similar violations by other roads.

TO ASSASSINATE DUPUY.

Another French Anarchistic Plot is Disclosed by Detectives.

PARIS, Aug. 17.—According to Le Journal a plot to assassinate Premier Dupuy has been discovered, in the Verneuil-Bains, not far from the Spanish border.

He is accompanied by the three detectives, who are supposed to have discovered the plot through the presence of several militant anarchists in the neighborhood.

The anarchists, says the Journal, had been warned of their danger the night before the police expected to arrest them, and fled to Spain.

The main plot, it is alleged, was hatched at Barcelona by Spanish and French anarchists. Three men were designated by a lot to execute it. They were to cross the border about the middle of August and were to assassinate the premier during his absence from Paris.

The bomb which was to be used, was made in Spain, although it is known that the Barcelona anarchists did the work. The police in Barcelona deny that there is an anarchist laboratory in that city and say that the bomb must have been secured elsewhere.

The plot was discovered after the three anarchist agents had started for France.

ENLISTING MEN FOR JAPAN

Twenty-five Dollars a Month and Transportation to Americans Enlisting.

LOS ANGELES, Calif., Aug. 17.—The Herald says: An effort is being made in this city by a man who is said to represent the Japanese government, to secure the services of one thousand men to go to the domain of the Mikado, and help the Japanese in their struggle with the Chinese.

The salary of \$25 per month besides transportation to and from Japan and necessary expenses, rations are promised those who will enlist. Because of the extreme penalty attached to an endeavor of this kind under the laws governing the treaty with foreign countries the agent has made himself known to only a few persons.

Those whom he will secure are ostensibly employed to engage in railroad construction, but the real object is to go into an active war against Japan's enemy.

TO GUARD THE CITIES.

Three Strong Military Posts at New York, St. Louis and Columbus, O.

WASHINGTON, Aug. 17.—By an order issued by the secretary of war today the three great army recruiting depots at Davis Island, New York harbor, Columbus, O., and Jefferson Barracks, Mo., are wired out and in their places will stand three large military posts.

The transformation of the recruiting depots into army posts will be in line with the accepted policy of concentrating a good force of regulars at places near the great cities. Each post will have a permanent garrison of about 300 men, and in case of war of them at least the rank of commanding officer will be raised from lieutenant colonel to full colonel.

You are invited to attend the lawn social this evening at the residence of Rev. L. Blakesley, corner Eighth and Polk streets. Cake and ice cream will be served. Come and bring your friends.

STOLE A. P. A. RECORDS.

Much Bitter Feeling in St. Louis Caused by a Fight on A. P. A.

ST. LOUIS, Aug. 17.—A case has been reported to the police here in which it is shown that in the ill feeling created here by the A. P. A. movement, the opponents of the order are resorting even to criminal means to secure the records of that order. In this instance some time between 9 a. m. and 4 p. m. yesterday A. D. Patrick's residence was entered during the absence of the family and the books of council No. 9, A. P. A. stolen.

Patrick's son Albert is secretary of the council and the purloined books were in his custody. The theft was evidently premeditated and carefully planned as nothing was taken but the books, so that the crime must have been committed for the sole purpose of stealing private records.

This theft of the A. P. A. books, following as it does right upon the heels of a raid upon an A. P. A. meeting place and the hold up of another secretary, makes it look as if a systematic effort were being made to get the names of everybody in the order here, and that the parties after them are willing to resort to almost any means to accomplish their end.

EMMA GOLDMAN FREE.

She Was Released From Prison Ahead of Time for Good Behavior.

NEW YORK, Aug. 17.—Emma Goldman, of anarchist fame, who has spent the past ten months at Blackwell's island, for delivering an incendiary speech to the unemployed in Union square, was released today. She was sentenced to the penitentiary for one year but her good behavior lessened the time two months. Miss Goldman was released two hours earlier than the usual time for the liberation of those whose terms have expired and so was enabled to elude interviewers. It is understood that she went to the home of her grandmother in Brooklyn. It is expected that she will speak at Thalia Sunday evening.

A SMALLPOX RIOT.

Women Armed with Clubs Threaten to Attack Health Officers at Milwaukee.

MILWAUKEE, Aug. 17.—Another battle between some of the health officers and the people of the South side occurred last night over a suspected case of smallpox. It was reported to the health authorities of the town of Lake that two children were ill in that town, not far across the line of the city limits from Eighth avenue.

The family was the one which ran away from No. 1078 Midland avenue last Friday evening before the health officers arrived. An attempt was made yesterday afternoon to move them by the health officers and purify the house if possible.

A crowd similar to that which gathered on Midland avenue last week assembled and prevented the officers from getting into the house. Health officers of the town of Lake and eight deputy sheriffs went to the house with a search warrant.

At the house Anton Breczynski, the father of the family, met the officers. He was armed with a big club, which he swung right and left among the crowd. One blow struck Dr. Emil Wahl on the arm and injured him severely. In the scuffle which followed one of the officers fired a shot. This brought round the house a mob of women armed with clubs.

They were furious and would have attacked the handful of officers had not the doctor discovered the suspected case was measles and not small pox, and advised the officers to retreat. Breczynski was placed under arrest, but was afterwards released.

RETURN IT FOR REPAIRS.

Mr. Payne Asks If Such a Motion is in Order About the Tariff Bill.

WASHINGTON, Aug. 17.—The ways and means committee voted today to present a fifth tariff bill making silver and lead free of duty. The Wilson bill made those ores free, but the senate put a duty of 1/2 of a cent a pound on them.

At the meeting today the Democrats voted for the free silver lead bill and the Republicans against it.

The motion to report, was carried and Mr. Tarney of Missouri, will make the report on Monday.

During the meeting Mr. Payne (Rep., N. Y.) facetiously asked the chairman if it would be in order to move that the president be requested to return the original tariff bill to congress for repairs.

The chairman ruled the motion out of order.

WASHINGTON, Aug. 17.—The senate committee on the judiciary has made an adverse report to the senate on the nomination of Hon. James D. Porter to be United States judge of the eastern and middle districts of Tennessee.
